Our History

"STUMBLING"

On September 2, 1949, 50 scared and trembling Freshmen approached Broadbent High. We were duly initiated on September 29 and were honored with a dance given by the Sophomores. After that memorable day was past the Freshmen felt right at home and we began to enjoy our first high school year by giving a return dance for the Sophs.

The Frosh were well represented in many activities such as athletics, yell-leading, song leading, and activity clubs. Altogether we spent a very exciting year.

Class officers were Dick Goodwin, President; Tony Bristol, Vice-President; Dianne Vipond, Secretary and Treasurer; Teddy Tetherow, Student Council Representative.

Class advisors were Mrs. Long and Mr. Loete.

"I'LL GET BY"

This year the Sophomores, our number now decreased to 46, walked back to school with a surer step. Our first project was the Freshman initiation; and that over with, we celebrated with a dance.

The Sophomores showed much school spirit in sports, dances, song leading, and cheer leading... in short, in almost all school activities.

Class officers elected this year were Tony Bristol, President; Dick Goodwin, Vice-President; Lorraine Dietzel, Secretary and Treasurer; Dwayne Loden, Student Council Representative; Richard Sparkman, Sergeant at Arms.

Class advisors were Mrs. Winsberg and Mr. Roberts.

"STAIRWAY TO THE STARS"

Enrollment of the Class of '53 took a plunge that year, down to 41 Juniors.

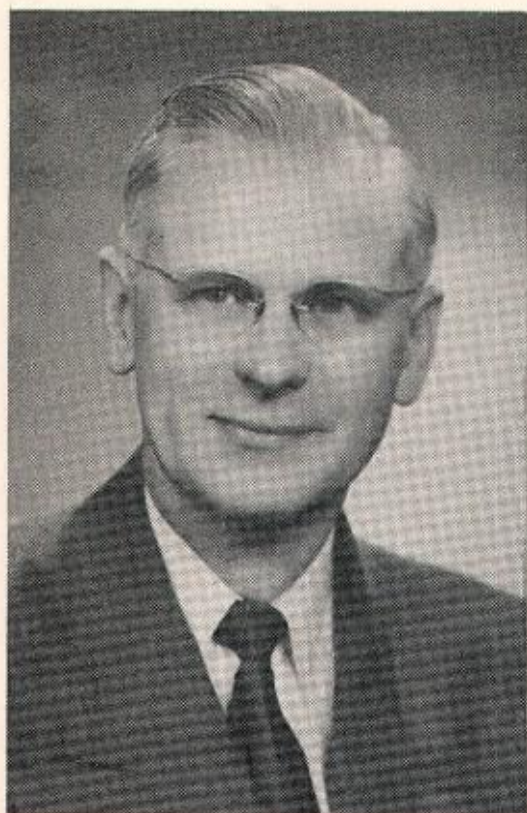

"Blue Moon" was the unusual theme chosen by the Junior class for the annual Senior Ball. The hall was decorated appropriately with soft blue lights and romantic silhouettes.

As upper classmen that year the Junior class looked forward to their Senior year in dearly beloved Broadbent High.

Again the Junior class was well represented in all school activities.

That year's officers were Tony Bristol, President; Dwayne Loden, Vice-President; Dianne Vipond, Secretary and Treasurer; Dick Goodwin, Sergeant at Arms; Lloyd Harris, Student Council Representative.

Class advisors for the year were Miss Truvedson and Mr. Beller.

Our Leaders

Again, in my opinion, our school has made steady progress. Thanks to all your help. It has been our sincere endeavor to make the high school a good school. A school in which you could learn the essential things. We hope that you have enjoyed this year as much as we have enjoyed instructing you, and we also hope that you will look upon our school with pride that will grow as each year passes.

A school consists of two principal groups, students and teachers. Only when the two work together in a friendly and understanding atmosphere does the school become what is commonly termed a "good" school.

Together we have been moving in the right direction. Without the cooperation of the students this would not have been possible. We have a "good" school.

Such progress, however, must be a continuing process. We either must move ahead or we will slip back. It is my hope that we may continue to work together in the development of an even better school.

We Predict

Dear Mr. Olson:

We received your letter some time ago requesting news of the whereabouts of the students of the class of '53. We, Dianne Vipond, Sharon Mahon, and I, Georgie Thiel, were just cleaning the kennels when your letter arrived. We have a farm for fumigated foxes, you know. We immediately set out to find news of our class-mates, each of us to a different part of the country. Returning a month later, this is what we discovered.

SHIRLEY THORNSBERRY has been working in Southern Siberia these past ten years as a moderator to a famous debating team.

RAYMOND HILL has become the flyweight boxing champion of the Miscellaneous Members of the Morton Moose. He has certainly developed since '53.

WARD TAYLOR has organized his own, unique band and is now traveling in China trying to get some rhythm into the Chinese. You've no doubt heard of the Taylor Trumpet Tooters?

RICHARD SPARKMAN is in charge of the Heidelberg factory in Tacoma. He is a success and seems to enjoy his work immensely.

DON MILBRATH is an instructor at M. H. S. teaching the little Mortonites in a new course called "How to be a Lady-Killer in Ten Easy Lessons."

JACK MORIARTY is married now and has seven little Moriarties. He is a successful business man and after 10 years of hard work finally became Mavor of Kosmos.

GORDON THOMAS owns a huge sailing vessel and sails the seven seas intent upon becoming the most infamous pirate in the world. He's in the lead so far.

DOLORES TAYLOR is in the piano moving and tuning business. She also plays boogie woogie nights in a high-class club in Tacoma.

MARY WILSON married the famous Dr. Jekyll and she is experimenting with a new man-killing perfume that will wipe out the male sex in one easy whiff.

LOIS TIMMS is teaching weight-lifting to a group of muscle-minded kindergarten students in Africa.

CLARENCE GILISPIE is in Africa too, with his radio show, "Gillispie's Guiding Gophers," a musical show of classical and hymnal pieces.

SHIRLEY RIFFE has turned the Morton Funeral Home into a first-class night club and has made a fortune in the past ten years.

FRANCES SUTER is married and she and her husband, Edwin Richards, have five boys. (Good start for a baseball team.)

DICK GOODWIN is a famous denture maker and is busy teaching the younger generation how to charm girls with false teeth.

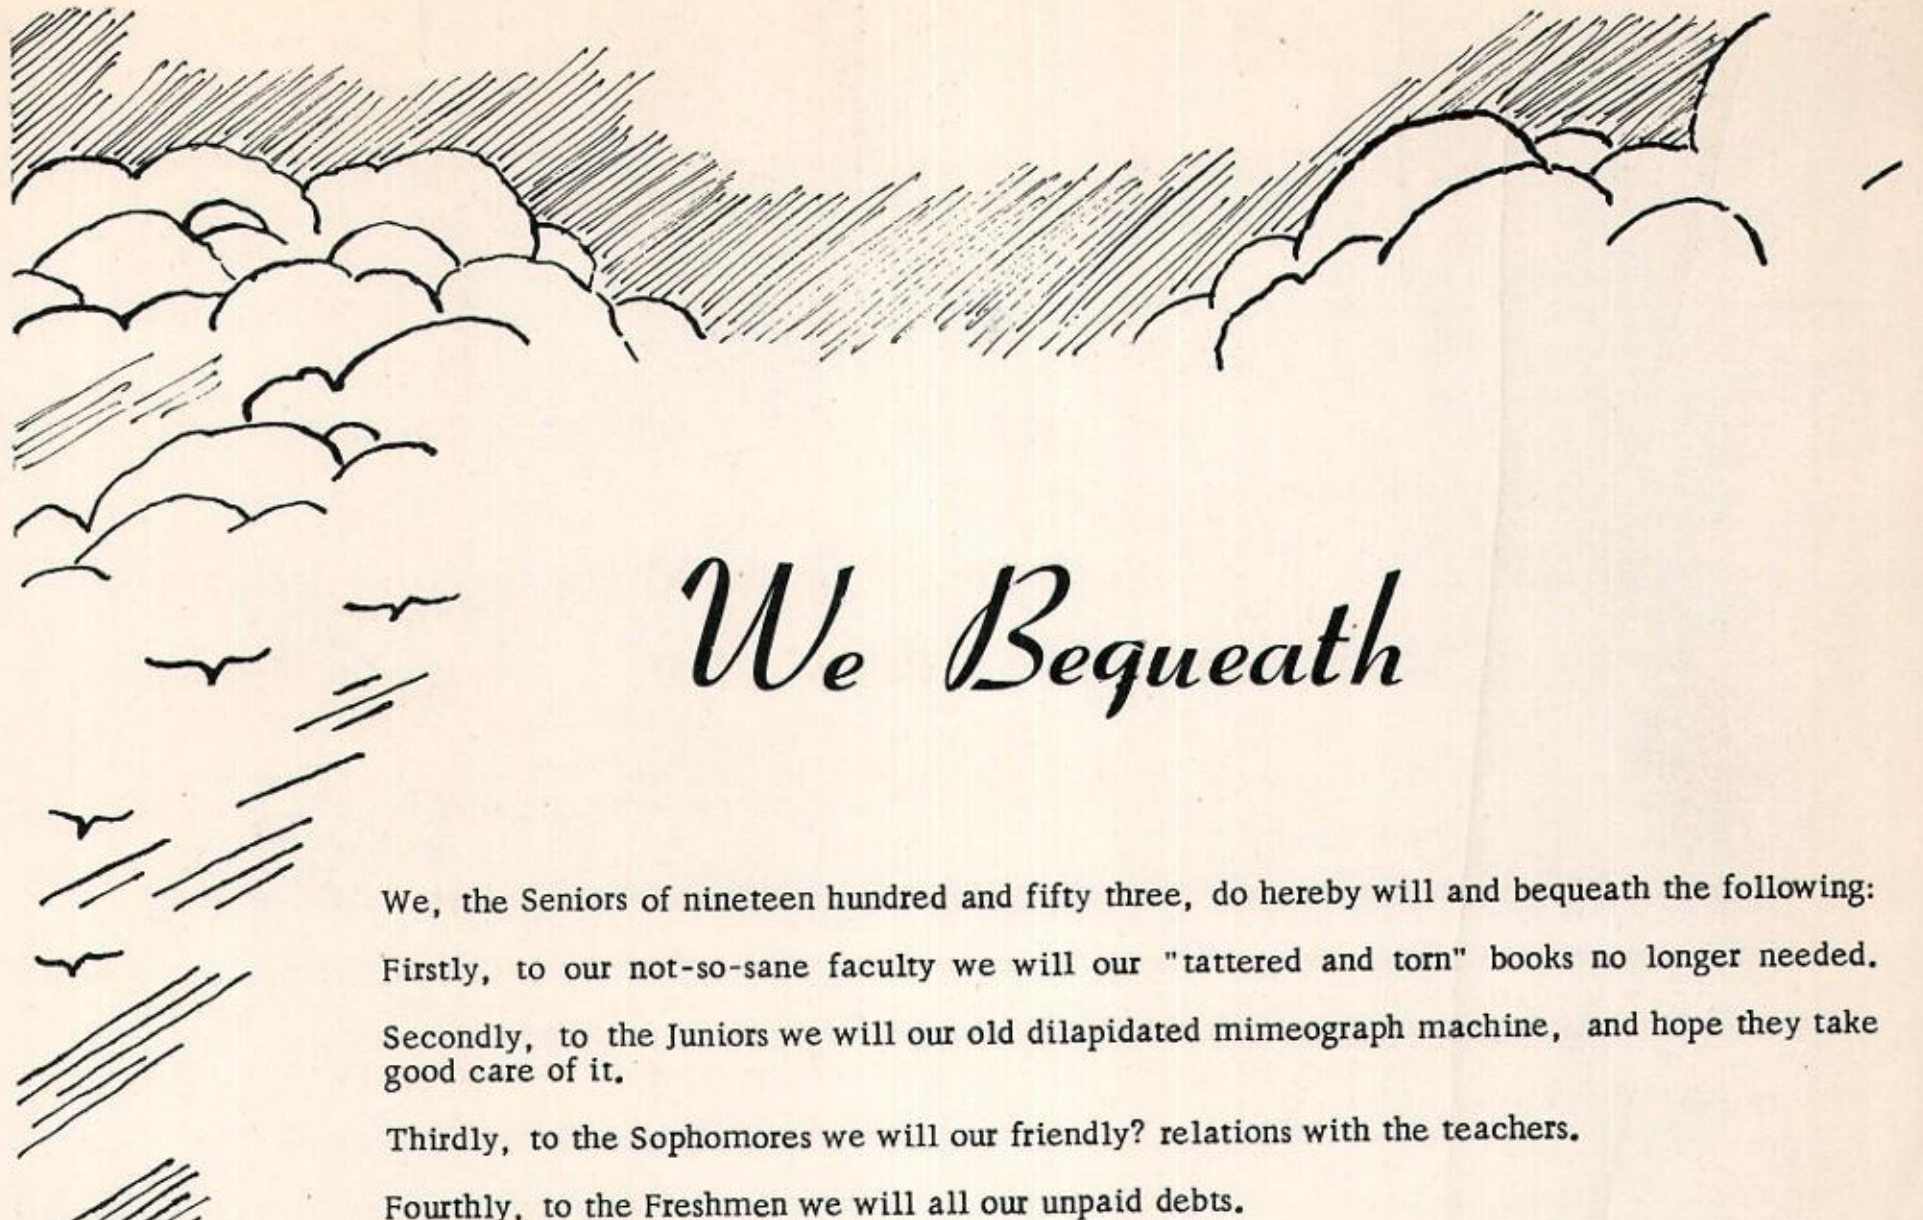

ROBERT CRAMER is a dress designer. He not only designs the dresses but the models who wear them too.

MARY MIRES has made a career of handing out trophies to hot-rod winners--you can see her smiling face on the cover of any auto magazine.

BETTY CURRY has made a good living by working at a gambling house in Reno. She owns a yellow Cadillac and wears a ten-inch diamond ring.

CAROL COMBS is teaching Bible Classes at M. H. S. She is very happy at her work and the students love her. (All of them are boys.)

Juniors

"Upper Classmen" sounded very good to the Juniors after two years as lower classmen.

This year's Junior Class has not waited for its tasks; it has gone ahead and proved its worth by taking over new projects and carrying them out successfully.

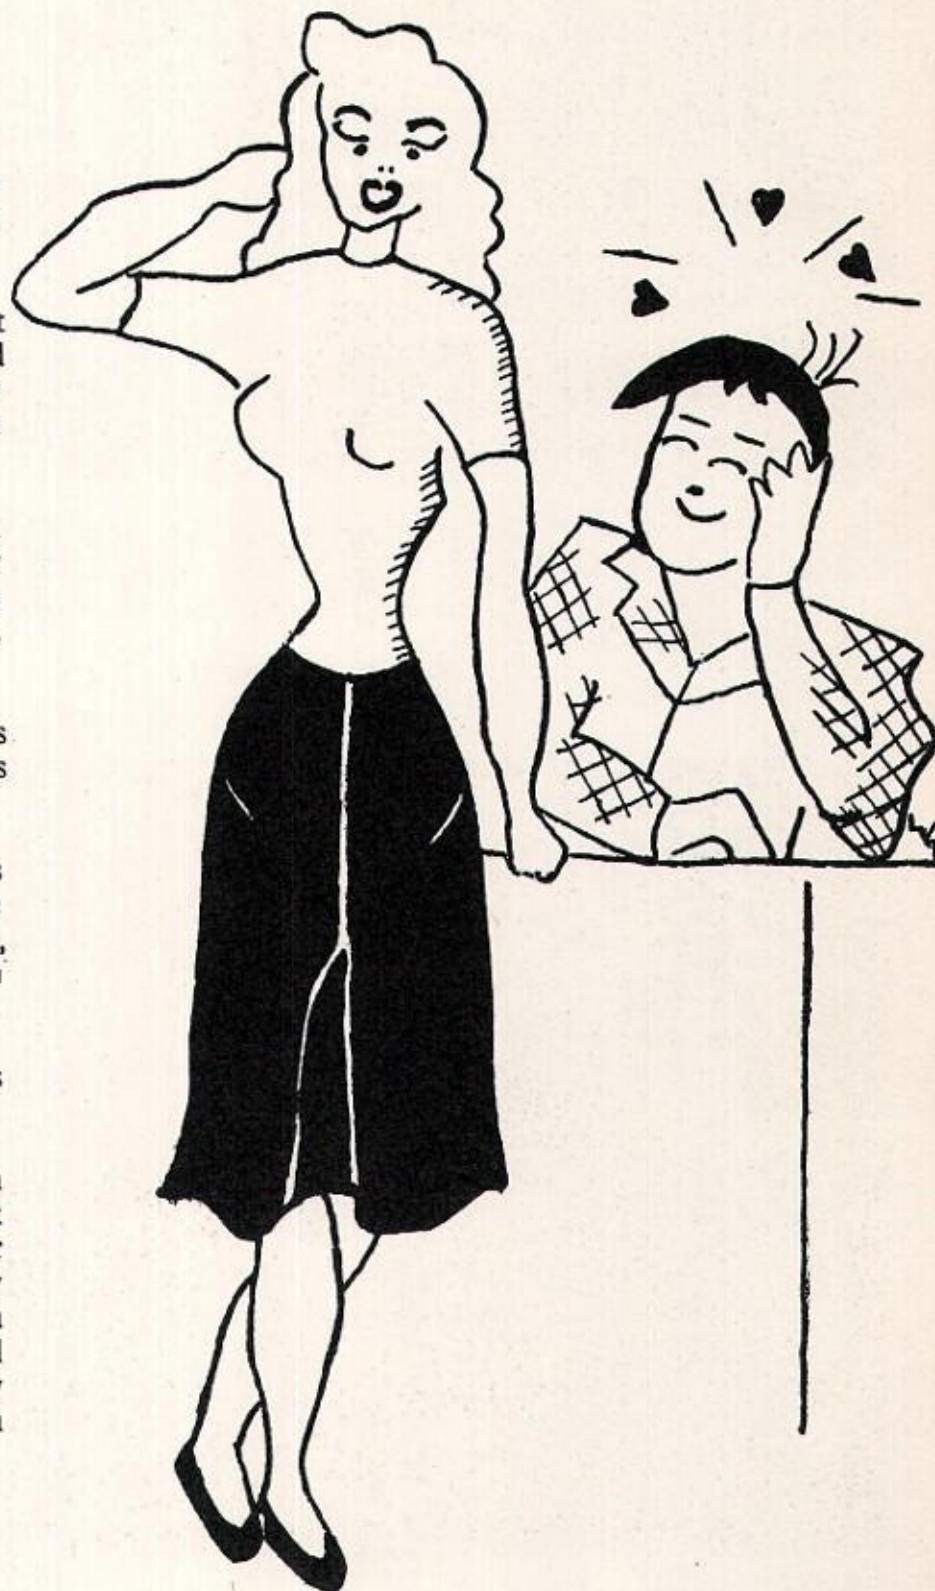

The class of '54 went all out in raising money for the Junior-Senior Banquet and Senior Ball with the selling of popcorn, candy, pop, etc., at the games.

They ordered their class rings this year and the majority of the students were well satisfied with them.

It is evident from this year's work that the Juniors are not to be kept kown. They have the training, ability and pep to beleaders. Watch them next year!

The following were elected as officers:

President.....	Dave Carnahan
Vice President.....	Sidney Beck
Sec. - Treasurer.....	Don Cramer
Sgt. -at-Arms.....	Rex Hathaway
Student Council Rep.....	L. Hansen

Sophomores

The Sophomore class members began their second year at MHS when they were plunged into the annual initiation ceremonies during the early part of the fall. Then they gave an all school dance on the following Friday, with the Freshmen as guests of honor.

No year could be successful without athletics, and the Sophomores found themselves well represented.

Many turned their minds to the more serious side of a high school career. As a result, Sophomore names were found liberally listed on the honor roll, band, clubs, and numerous other activities.

Next year, of course, will be "upper classmen" year, and that is just one of the many things to which they look forward.

The following students were elected as officers of the class:

President.....	Charles Goe
Vice President	Wanda Mills
Sec. - Treasurer	Lillie Harris
Student Council Rep	Dale Steel
Class Advisers	Mr. Loete
	Mr. Beller

Freshmen

"Greenhorns! They get smaller every year, but we love 'em just the same!" That was the cry of the upper classmen when the Frosh trooped over the threshold of MHS to settle down to four years of more advanced study.

This season's group of Frosh proved that they were able to give and take what was expected of them, and "dish out" even more.

It was difficult to become accustomed to the changed school life, but gradually they become less and less "green."

Throughout the year the Freshmen took part in many activities. At their first class meeting they elected the following:

President.....	Laurel Tiller
Vice President	Eddy Lilloren
Sec. -Treasurer	Nancy Keller
Sgt. -at-Arms	Lavern Porter
Student Council Rep ..	Gary Wasson
Class Advisers	Mr. Carle

Paper and Annual Staff

The members of the 5th period paper and annual staff were a hard-working and industrious group of students. With unstinted effort they put out a paper every month. This paper grew in its student interest as the new reporters learned their business.

When the "Preparation for Annual" time came the staff prepared to do their best in behalf of the Morton High School students.

The theme is "America the Beautiful." The illustrations should bring to mind not only the song, but the fact that America is very dear to our hearts.

Both paper and annual were supervised by Mrs. Iras Long. The HUSKIMEMO Editor and Business Manager was Dianne Vipond. The class members took turns editing the HUSKY FLASHES and also took turns editing the various pages of individual editions. Jim Coston and Don Gillispie were Sports Reporters.

The HUSKIMEMO staff wishes to give grateful tribute to Mr. Lore for his beautiful photography.

Band

The entire marching band performed at all the home football games, assisted in their half time shows by the baton twirlers. A small "pep band," selected on a volunteer basis, played for all the home basketball games and rallies, performing at times under student direction.

The Winter Concert in January utilized the entire band personnel of 28 members and 13 baton twirlers. Solos were played by Ward Taylor, and Darline Allen. A trio consisting of Rex Hathaway, Dale Steele and James Hewett, also appeared with the band.

The very active schedule of the band included games, Christmas program, winter concert, spring concert, Class C band festival, Massed Bands of Lewis County, and Commencement.

Baseball

Behind the steady pitching of Gary Danley and Byron Amburgy, Morton High School had, in 1952, a very successful season, winning 12, losing 2. Both losses were to Mossyrock, the League "Champs." The leading hitters on the team were catcher, Swede Loden, .390, and third baseman, Ralph Looney, .389.

Boxing

This year the boxing team, under the direction of Mr. Lowney, was organized on a regular team basis. A triangular meet was held March 18 at Tenino with Tenino, Oakville, and Morton participating. A meet was also held with Randle and Onalaska.

Track

Under the instruction of Mr. Foubert, spring 1952, the track men really trained. At their first track meet they did very well for the short practice time they had. Gordon Thomas came in second in the 220. He also took third place in the high jump. Gary Danley took third place in the 100-yard dash. Tom Benton came in second place in the high jump. Jack Moriarty placed third in throwing discus.

Gordon Thomas seemed to be the big wheel at the track meet at State School, Chehalis, Washington, May 16. He placed first in the 100 and the 220-yard dash. He also took first in the high jump. Tom Benton tied for second in the high jump and took second in throwing the shot put. Don Cramer did very well at his first track meet by taking the mile and the half mile. Jim Bassett came in first in the 400. Tom Eyley took second in the half mile and third in the mile. Morton tied State School for the track meet.

Lettermen's Club

The Lettermen Club annual initiation was held, with very much worrying done on the part of the new lettermen. All in all, a good time was had by everyone--especially when the refreshments were served.

The V. F. W. sponsored a basketball game with the Philadelphia Sphas, the proceeds from which went to the Lettermen's Club.

The Lettermen Club Officers were as follows:

Dick Goodwin	President
Dwayne Loden	Vice-President
Lloyd Harris	Secretary-Treasurer
Allan Clevenger	Sergeant-at-Arms

"THANKS FOR THE MEMORIES"

The Senior class entered their last year in Broadbent High with the size of the class decreased to 38.

Class officers elected this year were Don Gillispie, President; Richard Sparkman, Vice-President; Dianne Vipond, Secretary and Treasurer; Dwayne Loden, Sergeant at Arms; Lloyd Harris, Student Council Representative.

Class advisors for this year were Mrs. Long and Mr. Olson.

The Senior class contributed members to athletics, yell and song leading, activity clubs, and the Honor Society. Dick Goodwin was elected Student Body President, Mary Wilson, Vice President; and Dianne Vipond, Secretary and Treasurer.

The Seniors chose black and white for their caps and gowns, to be worn on those memorable occasions, Baccalaureate and Commencement.

(PROPHECY, Concluded)

BARBARA COTY has been married, you know, to Buck Clevenger all these years. They now own the Palarose cafe at Kosmos and are building one in Morton.

MAE WEST BONAR, true to her name, is starring in her own stage show called "Mae's Male Murderers."

ALLEN CLEVINGER is in Hollywood now starring in a new movie. He was voted "Actor of the Year" and won the Oscar for his last movie, "Cheaper by the Million".

LLOYD HARRIS is Principal of good old Broadbent. He's doing a fine job and the students are learning many new things, such as "How to Build Your Biceps Without Eating Wheaties."

DWAYNE LODEN is now the sole owner of Mineral Lake. He has built a houseboat and lives by catching, selling and eating the large tadpoles from the Lake.

YVONNE STAMPER is married and settled down with ten little children. She has a part time job driving a logging truck which keeps her from getting bored.

BARBARA THOMAS married a wealthy old gentleman and is living in New York. She has never forgotten MHS, however, and every year the Senior Class receives a card from her on which are pasted two new pennies.

THELMA SLOAN is playing basketball in the Cuban League for a famous women's team called "The Dyed Redheads." The team consists of players six feet or over. Thelma is billed as "Terrible Redhead, the Shorty."

RON THOMPSON is still designing cars. His newest model has a hydrogen engine with atomic brakes. The Mademoiselle Car Company has just offered him a new contract.

TOM BENTON is living in Boston and owns the new and ultra-modern Benton Beanery. He is now working on an experiment crossing Black Eyed Peas with Mexican Jumping Beans.

MARY LOU LACEY is making a fortune manufacturing wigs. She had the misfortune of losing her own hair from the use of peroxide.

LUCILLE REED has organized a club of homeless Naval Officers called "Lucie's Lucky Lagers."

DON GILLISPIE bought all the Union stations in Washington state with the money he made digging sewers for Sodden Slops, Inc.

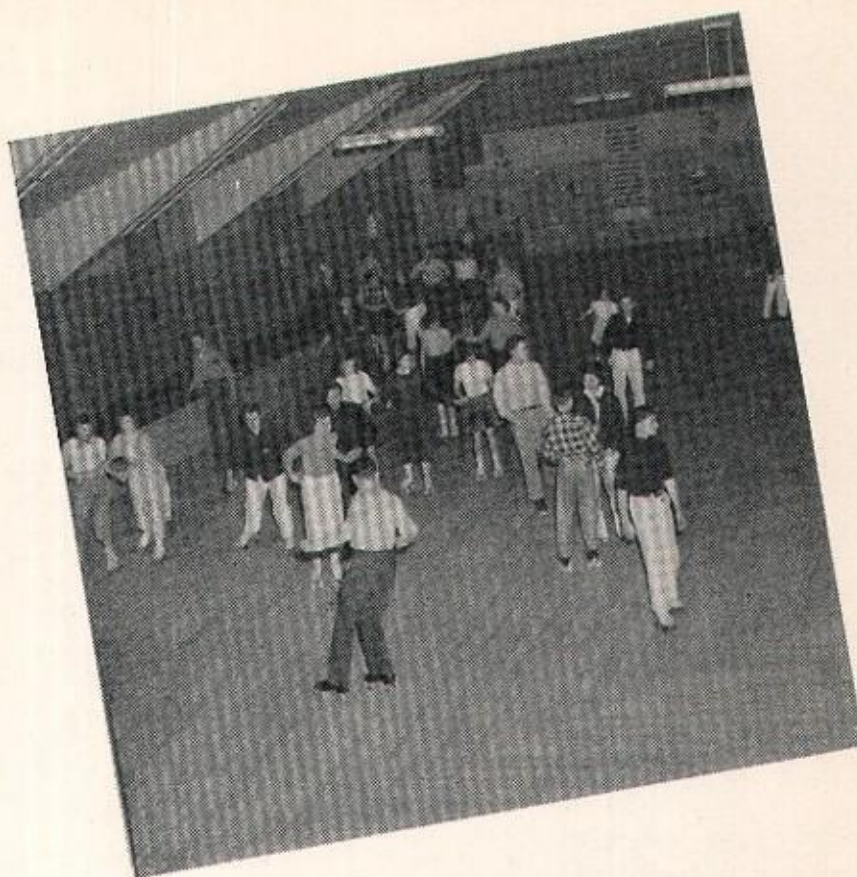

TONY BRISTOL married a "farmer's daughter" and is up every morning at six to slop the hogs and punch the cows.

JIM COSTON has been married these years to a wealthy girl who adores him. They own a huge home and he is forever throwing parties for his old classmates.

On the whole we think that our classmates of '53 did pretty well for themselves, don't you think so too?

Sincerely yours,

Georgie Thiel
